Rose Tree Park – Media, PA

Pennies in Action® was founded in 2007 by Uschi Keszler - Olympic athlete, Olympic coach, and double cancer survivor.

Pennies in Action is about more than just raising funds for cancer research – Uschi has a strong belief that everyone can have ownership in the research. A penny alone has little value, but many pennies make many dollars. Success in funding the research and the power to make a difference can come from just a few pennies if everyone takes part in even a small way.

They are also about education – they want patients touched by cancer to know that there are alternatives available.
